

### **Remarks**

Claims 1-26, 35-36, and 45-89 are pending in the present divisional application. Claims 27-34, 37-44, and 49 have been canceled. Claims 1-26 have been amended. New claims 50-89 have been added. No new matter has been added by virtue of this application.

The specification has been amended to claim benefit of the provisional patent application as provided in 35 USC 119(e).

As provided in an amendment in the parent case, the drawings have been amended to make the schematic illustration of the lenses look more like lenses in FIGS. 1-10, 16 and 17c; to add arrow heads to show the direction of propagation of the beams of light in FIGS. 1-10, and 16; to add label P1 on FIG. 7; to remove an extra "156" from FIG. 16 that had no indicator line; and to remove "864" from FIG. 17d for the grating element that was previously labeled with two grating element numbers, 904 and 864. No new matter has been added by virtue of this amendment. Consideration of the application as amended is requested.

In order to facilitate prompt resolution, and early issuance of a patent, applicant requests that the Examiner call applicant's attorney if there are any concerns or issues at 802 864-1575.

Respectfully submitted,  
For: Parker et al.
